Andy Young is a founding partner at the Ohio firm Young & McCarthy LLP. His law firm focuses primarily on representing victims and survivors of commercial motor vehicle crashes. Andy has obtained Ohio's highest jury verdict for a truck crash victim survivor.

Andy currently serves as the President of Ohio's Lorain County Bar Association and as an Officer on the Executive Committee of the American Association for Justice's Trucking Litigation Group. He has received awards for his volunteer activities with both organizations. Attorney Young has also received several awards for service to the Ohio Association for Justice (OAJ) and served as the Past-Chair of the OAJ's Trucking Safety Section.

In addition, Andy holds a Class A Commercial Driver's License, owns a Peterbilt semi-tractor and 45-foot trailer that he regularly drives hauling Young & McCarthy sponsored racecars to regional asphalt circle tracks. The Insurance Institute for Highway Safety (IIHS), The Truck Safety Coalition, and AnnaLeah & Mary for Truck Safety invited Andy to serve on the Organizational Committee and as a Moderator for two industry-related Truck Underride Roundtables hosted at the IIHS's crash test facility in Ruckersville, Virginia.

Andy has earned an AV[®] Preeminent peer rating through Martindale-Hubbell. His trial experience has been recognized by his peers through an invitation and election into membership of the American Board of Trial Advocates (ABOTA). Andy regularly consults with attorneys across the country on both trial and truck litigation strategies.
